

Refund Policy

Refunds will be given if a participant cancels before the trip registration deadline. After the trip registration deadline, refunds will only be given if:

- The participant can find a substitute participant to go in your place on the trip.
- If the participant has a documented medical emergency or illness that prevents them from taking part in the OAP activity / trip.

If a participant chooses to cancel after the registration deadline and does not meet the above 2 exceptions, no refund will be awarded.
